

# CAREER PATH-COACHING

## LEAD YOURSELF TO GOAL

### CAREER PATH-COACHING GOAL

Career Path Coaching is designed to maximise your job-hunting skills and increase your success on the job market. The 15 days course consists of personal coaching and group sessions with your peers. You will also have the opportunity to take exams for necessary competence certificates.

### CAREER PATH-COACHING CONTENT

After the course

- you will know how to market your skills and what kind of jobs to apply for
- you will have an up-to-date CV and a job application template
- you will be familiar with different job search channels and online application processes
- you will know how to perform well in a job interview

### PERSONAL COACHING

Coaching continues for two more months after the group sessions. You will get between 2-12 hours of personal coaching depending on your needs.
