

# JOB PATH-COACHING

## FAST WAY BACK TO WORK

### JOB PATH-COACHING GOALS

Job Path Coaching is designed to maximize your job-hunting skills and enhance your success on the job market. The 5 days course consists of personal coaching and group sessions with your peers. You will also have the opportunity to take exams for necessary competence certificates.

### JOB PATH-COACHING CONTENT

After the course

- you will know how to market your skills and what kind of jobs to apply for
- you will have an up-to-date CV and a job application template
- you will be familiar with different job search channels and online application processes
- you will know how to perform well in a job interview

### PERSONAL COACHING

Coaching continues for two more months after the group sessions. You will get between 2-12 hours of personal coaching depending on your needs.

### REGISTER FOR COACHING

You can register with your own employment specialist.
