

Career Path Coaching

Career Path Coaching is designed to help you to identify your strengths and find a new direction for your career or even a new profession altogether. The course consists of one-to-one coaching and group sessions with your peers. You will also have the opportunity to take exams for necessary competence certificates, such as the Finnish Hygiene Passport, Alcohol Passport or Occupational Safety Card.

What you get:

- The course begins with group sessions (15-20 days). Group sessions are held between approximately 9.00 am and 3.00 pm from Monday to Friday.
- Coaching continues for two more months after the group sessions. You will get between 2-12 hours of personal coaching depending on your need.

Coaching areas:

Vantaa and Järvenpää, also available as online coaching.

After the course

- You will know what kind of jobs to apply for and what to take into consideration when looking for a job
- you will know how to communicate and market your skills
- you will understand your weaknesses and know how to look for training opportunities and apply for courses,
- you will have an up-to-date CV and a job application template
- you will be familiar with different job search channels and methods, and
- you will know how to perform well in a job interview.
